Preparing for Harvest

Even with harvest just around the corner, it is still not too late to get signed up for Climate! Contact Clayton Hora at (712) 898-7683.

Also, now is the perfect time to get your combine calibrated in preparation for harvest, contact your Ag Partners Agronomist to schedule a combine calibration.

Data Visualization with Climate FieldView

Monitor Your Progress
Monitor your progress in real time with digital maps as you pass through the field, tracking population rate at planting and yield at harvest.

Stay in Touch
Watch field activities, even when you're not in the cab, with the remote view feature. Stay up to speed on what's going on in each field, so you can more easily manage your operation during the busiest times of the season.

Share Critical Data
Share your entire operation, one farm, or single fields with your business partners and agronomic advisors to help you make important decisions.

Market Update: Lincoln Hillyer

Grain markets continue to be unimpressive this week as harvest moves closer. The main news this week was the Pro Farmer Crop Tour. Final estimates were published this afternoon. Corn came in at 167.1 vs. a 169.5 USDA number and soybeans were 48.5 vs. 49.4 from the USDA. While both numbers are lower than the government, those yields will most likely not get the market excited. We will be on hold until the September S&D's. As we get a better handle on this year's production, more focus will begin to be put on the demand side. Soybean demand remains strong, even with a Chinese cancellation this week. Corn exports continue to fall behind as corn is well supplied throughout the world. In order to get these markets to rally, we will need demand to kick in.

For a limited time, Ag Partners is offering free DP for corn. Bushels must be delivered by September 15th and must be priced by November 15th. There is a limit on moisture of 16%. Give us a call if you have any questions about the program or any other marketing opportunities. Have a great weekend.

CORRECTION ON THE INPUT FINANCING PROGRAM FOR 2018: Jim Ward

I apologize and need to make a correction on the interest rate presented in our last episode of AgCess. The interest rate is 0% until the end of the year, December 31 2017. Then it changes to 3%[‡] (not 3.5% as previously stated) until December 31, 2018. [‡] Variable interest rate starting 01/01/18
